The screenshot displays a Windows XP desktop environment. The 'Prompt de Comando' (Command Prompt) window is the central focus, showing the output of a network speed test. It lists ten 'Resposta de' (Response from) entries, each with a consistent 32-byte size and a response time ranging from 544ms to 859ms. Below this, it provides 'Estatísticas do Ping para 8.8.8.8' (Ping statistics for 8.8.8.8), indicating 21 packets sent, 21 received, and 0 lost (0% loss). The 'Control-C' command is entered, and the prompt returns to 'C:\Users\Arnaldo>'. To the left, the 'Biblioteca Documentos' (Documents Library) window is open, showing a folder named 'VIVO-PER-26025612-PE'. The taskbar at the bottom shows the system clock as 15:40 on 27/07/2017.
